WE ARE OFFERING CUSTOMIZED 3D MAP and INDIVIDUAL 3D PRODUCTS

In the field of individual consumption the customer is a person who is looking for a gift and / or a souvenir for himself, family members, children, relatives, friends. These are organizations in need of business gifts and souvenirs for the leader, colleague and customer. These are also educational institutions that use 3D raised relief maps as from kindergartens to universities.

In business sphere the customers are book and cartographic stores, souvenir shops, gift shops, hotels, retail universal networks, online stores, airports, train stations and any similar point of sale with a high traffic.
